

172 Daybed

Iron Daybed

**Includes back and sides only, our daybeds are standardly drilled at 12-3/4" and 16-3/4" unless you specify differently. Our frame system does not come with our daybeds unless you specify. If you order our frame system on a daybed, you need to tell us at what height to put the frame. (BBV Frame is recommended for strength)

Style 172-Daybed

Back posts are 40-1/2" to the top of the cannonballs
Back posts are 38" to the top of the casting
Front posts are 33" to top of the cannonballs
Front posts are 30-1/2" to top of the casting
Sides are 39-1/4" wide
Back is 76" long (inside dimension)
Back is 77" long with our frame system on it
Sides are 35-1/4" from the floor to the highest point
